 Nairobi, Kenya.

SKILLS

- Adobe Photoshop
- Photography
- Photo Editing
- C#
- React
- SQL Database
- Social Media Marketing

HOBBIES

I enjoy cycling, music, and graphic art as creative outlets.

PROFILE

As an enthusiastic IT expert and creative professional, I build practical web applications using Flask for backend development and React with JavaScript for dynamic, responsive interfaces. With a strong foundation in HTML, CSS, and Adobe Photoshop, I create accessible, mobile-friendly layouts and high-quality photo edits. Drawing on experience in C# for structured problem-solving, I thrive in collaborative projects using Git/GitHub for version control. I bring adaptability, innovation, effective teamwork, and a keen eye for visual storytelling to every fast-paced environment.

EMPLOYMENT HISTORY

JUNIOR DEVELOPER AT TECHCRAST SOFTWARE LTD

During my 10-month internship at Techcrast Software Solutions, I played an active role in developing web applications using C#, which honed my technical skills and provided hands-on experience with the software development lifecycle. This experience enhanced my communication and teamwork abilities, crucial for successful project outcomes. My time at Techcrast significantly strengthened my software development skills, and I am eager to apply this experience to drive innovative projects forward.

EDUCATION

- **Diploma in Information Technology**, The Co-operative University (2 years of specialized IT training, building strong technical and practical skills).
- **Certificate in Software Engineering**, Moringa School (currently expanding programming and software development skills).
